

Greetings Champion!

Blessings and increase, power, might, and dominion to you in Jesus' name.

The secret of victorious Christian living is having a conscious awareness of Christ possessing your heart, and knowing that your very nature is in possession of His power, might, dominion, life, character, nature, and ability.

The Bible reveals that when Christ rose from the dead, God viewed you as having risen from the dead with Him. You rose with Him. You conquered with Him. You rule with Him. You share His life, dominion, and rulership.

We are not trying to lift ourselves up to a mental state of mastery. The spirit of mastery has been born in our hearts. When the consciousness of Christ's dominion in you and through you becomes a reality to you, you will realize that the power of sin and evil over you is a vanquished power. Satan is a toothless lion as far as you are concerned.

There is born within every believer the consciousness of power to govern and rule. It is a consciousness of nobility that Christ Himself possesses.

The success of your life as a child of God is in exact accordance with the consciousness of Christ and the power of God that is in your heart.

One of the purposes of Jesus in redemption was to produce within man's being such a consciousness and awareness of God's presence that we become kings with authority and dignity ruling and reigning under the "King of kings."

Draw near to God and He will draw near to you and direct your steps.

Reining in life as a king,

Pastor Glen
