

Greetings Champion!

My prayer for you is that God's riches and best be your's everyday.

I want to share some revelation about healing with you. I have noticed that there are several parallels between God's medicine (God's Word) and natural medicine. First, God's Word is a healing agent just as natural medicine is a healing agent or catalyst. In other words, the medicine itself contains the capacity to promote and produce healing.

God's Word contains inherent within it the capacity, energy, ability, and nature to effect healing in your body.

The Word itself contains the power to produce what it says. Remember when God said, "Let there be light" and there was light. Healing scriptures contain within them the capacity to overcome sickness and disease and produce healing and soundness in your body. That's why it's essential to regularly read and believe the Scripture verses on healing.

The key to partaking of the life and healing energy in the Word is to feed on it through meditation and affirmation until it penetrates your spirit where it deposits that life and energy into your body.

We might say that medicine is no respecter of persons; it will work for anyone who takes it. It is not a matter of God willing or not willing the healing of any individual, but whether or not the individual will receive healing by taking the medicine that produces it.

With a good Bible Concordance and adequate time, you can find many verses on healing. I've done that myself and created "Healing Scripture Cards" with more than 100 verses and statements on healing. I also have a CD packed full of verses on healing so that you can simply turn it on and hear what God says about healing.

Since the key to partaking of the life and healing energy of God comes from getting His Word in you, the Scripture Cards and CD on healing are ideal for helping you receive your healing.

God has promised to "take sickness out of the midst of you" (Deuteronomy 7:15). What an amazing promise! Believe it and receive it.

Pastor Glen
