

Greetings Champion!

In the world, where people are trying to get ahead by stepping on others, there is a saying when it comes to image. The saying is, fake it till you make it.

God want you to *PLAY*, or *ACT* the part of who He says you are, by faith, until you actually become that person.

Maybe you say, I don't want to be a phony, that's not who I am. But think about it!

Maybe you have been a phony all along.

Maybe you've been playing the part, and *ACTING* like a victim, a whiner, or a loser for so long you have embraced and internalized that role.

Maybe you have kind of been like that Elvis impersonator that has played that part so long that he actually thinks he is Elvis.

But in reality he's not Elvis – and neither are you a victim or a loser.

Definition: An *actor* is a person who pretends to be something he's not.

God doesn't want you to pretend to be something you're not. God wants you to act like who He has made you to be, and who you really are. A winner!

Your whole life has been spent acting like somebody you're not. Now simply act like who you really are: A child of God.

Our intention is not to deceive others as we "*fake it till we make it*" – but to purposely re-school ourselves. That is, train and school ourselves in order to change those old thoughts, beliefs, words, and actions that have never produced what God promises and we desire.
