

Greetings Champion!

God wants us to be doers of His Word. In order to do that we must ACT like we are who He says we are.

In the movie industry, some actors lobby for a certain role in a movie after reading an impressive script, and declare, "I was born to play this part."

In like manner, you were born for the role of a winner. You were born to live and move and have your being in God. And unless you start acting and playing that part – you will never star in your life role.

Acting God's Word has a supernatural element to it that simply pretending doesn't. It gives you the supernatural ability to have and become what you are acting.

As an Actor prepares for a role by trying to get actual experience in the field he or she is playing, so, you must take the mindset that whatever God says or promises you, are yours in actual experience.

You must mentally rehearse the part and act the role of a kind forgiving person, a strong and loving person, a person with every need met, a person with the wherewithal to help someone less fortunate than you, and so forth, until it feels like "*you got it.*" Soon you will be doing it, and having it.

Take the mindset that you can *nail this*. You can act happy and bold and confident until you really are happy and bold and confident.

Through meditation, imagination, and action, you must get into the role and stay "in role" until you have and become what you desire to have and be.

Victory in Jesus,
