

Greetings Champion!

In the late 1960s, as a teenager, I'd love to watch Barbara Eden in her weekly TV show called, "I Dream of Jeannie." In the show Captain Tony Nelson, an astronaut, could summon Jeannie and she would use her magical abilities to help him solve problems. The story was loosely based on "Aladdin's Lamp," as Jeannie and "The Genie" both had the power to grant wishes.

Well, no one I know has an Aladdin's Lamp. But the great news is you have a powerful "genie" within you right now; ready to help you solve every problem, carry out your every command, and enable you to materialize your heart's desire. However, if you have not been aware of this, this powerful ally may have been sleeping for many years. The time has come to wake the "genie" up!

Throughout the centuries, successful people have either intuitively or knowingly become aware that they too, possessed a power that would serve them just as the genie served Aladdin. They called on this power to help them create great works or art, compose, invent, write, build businesses, accumulate wealth, etc.

The Biblical scribe knew about this power when he wrote, "As a man thinks in his heart, so is he" (Proverbs 23:7). Using the "heart" as a synonym for the subconscious mind, what Solomon was really saying, "As you think down deep inside in your subconscious mind, that's who you really are."

Throughout your entire life, well-meaning people have been putting "THEIR" defective programs inside of you. You have internalized and personalized what "THEY" told you was true about you, your abilities, what you can and cannot do and have, and who you can become. Without even knowing it we have made THEIR programs OUR programs. We have certainly not been living our life according to our true, full potential.

It's time to start a revolution! It's time to take back your destiny!

When you want something in your life to change, the first thing that must change is your thinking. When your thinking changes, your genie, your subconscious mind, or what the Bible calls, "your heart or spirit" changes. When your inner man changes then your outer circumstances will change.

Keep putting the Word of God inside you,

Pastor Glen
