

Greetings Champion!

“Christ has redeemed you from the curse, so that, ‘The Blessing’ of Abraham can come upon you” (Galatians 3:13).

Okay, it’s time to find out what the true cause of poverty really is.

The true cause of poverty is not a lack of money. A lack of money is the symptom of poverty, not the cause.

The true cause of poverty is a “Poverty Mentality.” In other words, to say it differently, a “Poverty Consciousness.” Being conscious and believing that poverty is your lot in life. Being conscious and falsely believing that what you currently have is all that’s available for you.

So many wonderful believers today feel unworthy, disqualified, undeserving, incompetent, fearful, and ineligible for God's Blessing. They think and believe the “good life” is for someone else, but not for them.

Millions of wonderful Christians are plagued with a “Poverty Mentality.” A broke mentality. A “never-had-much and never will” mentality. A sin consciousness. And a self-condemning, or worse yet, a self-hating mindset.

These negative mindsets and beliefs cause good people to self-sabotage, which guarantees that they will remain poor.

That can all change for you! In my new book “The Blessing of the Lord, It Makes You Rich” (Proverbs 10:22), I address many of the issues that hold people back and keep people poor. I also follow “The Blessing” throughout the Bible starting in Genesis 1, and show how it plays out in the lives of God’s people in the Old Testament.

The main thing is for you to believe that God takes pleasure when you succeed, prosper, and do well (Psalm 35:27).

Increase to you in the mighty name of Jesus,

Pastor Glen
