

Greetings Champion!

Happy New Year to you! Blessing and increase and power and might and dominion be to you in 2018!

2017 is now history and 2018 doesn't have to be a mystery. A mystery is something difficult or impossible to understand or figure out.

2018 doesn't have to be a mystery because there are things that you can do immediately that will contribute to you having a wonderful new year.

Please allow me to share a couple of principles that work any time, but are especially helpful to consider as we move into the new year.

1. Desire is the starting point of all achievement. There can be no pursuit and therefore, no manifestation if you are not clear about what you really do want to see happen in your life in 2018.
2. Information can make you a winner. God said, *"Through knowledge shall the just be delivered"* (Proverbs 11:9).
3. Lack of information may be destroying you. God said, *"My people are destroyed for lack of knowledge"* (Hosea 4:8). The information you need to succeed is available. Go get it.
4. You must work on renewing your mind to win in life. When your thinking changes—everything changes.
5. Never guess when facts are available.
6. Your bad circumstances are temporal (subject to change).
7. The way you view yourself determines your ability to receive from God and life. Work on you!
8. Fear always exaggerates the problem. Faith will drive out fear.
9. Once God's Word is sown in your heart, it will take root, grow, and become greater than your problem.

Again, Happy New Year,

Pastor Glen
