

Greetings Champion!

*God wishes above all things that you prosper and enjoy excellent health (3 John 2).*

An area of our faith that is super important but mostly overlooked and rarely discussed is our thinking. Our thinking is an important ingredient of our faith.

By way of review, I want you to know that God talks more about our thinking than any other subject in the Bible, many times over. Unfortunately, our parents, teachers, coaches, peers, and church leaders rarely talk about our mind, our thinking, or how we really get what we have gotten in life, in an accurate way. That fact has seriously affected our happiness and *Blessing* level.

The role our thinking plays in receiving from God and living victoriously has practically been neglected by most pastors.

Let me give you a few examples.

The Bible is referring to the way we think every time it speaks about love, joy, favor, kindness, creativity, happiness, agreement, receiving from God, prayer, habits, confidence, hope, settling a dispute, self-image, trust, wisdom, knowledge, understanding, the choices and decisions we make, attitudes, etc.

On the negative side, every time the Bible speaks about envy, jealousy, covetousness, strife, unforgiveness, anger, hate, unhappiness, loneliness, fear, lust, insecurity, worry, prejudice, bigotry, unworthiness, condemnation, grief, sorrow, and so forth, it is really talking about the way we think.

So the number one most mentioned topic in the whole Bible is regarding our thinking. The number two most talked about topic in the Bible has to do with prosperity. God wanting His people to prosper.

So if you want your life to change and improve for the better, work on thinking in a prosperous and beneficial way.

When you're thinking changes, everything changes!

Pastor Glen
