

Greetings Champion!

The riches in glory in Christ Jesus are coming to you (Philippians 4:19), and God has opened unto you His good treasure (Deuteronomy 28:12)!

I have been sharing principles from my personal journal that blessed me when I heard them. I wrote some down to share with you, believing they will bless you.

- You miss every shot you don't take – Wayne Gretzky
- You can only get more out of life by saying, "YES," never by saying, "NO." "No" can only keep you where you currently are.
- Faith can be defined as, *following through, believing everything will turn out right.*
- The fear is *always* harder on you than the action or event presenting the fear.
- The size of your success will never exceed the size of your beliefs.
- Your results can never out-produce or out-run your self-image.
- People are always willing to pay *anything* for the cure, but nothing for the prevention.
- Your mind is like a parachute – it works best when it is open.
- We have been programmed to only have one source of income. It wasn't until the 1960s that women in general flooded the workplace. Now, the two job system has programmed us to only have two sources of income at the most. Those that will get ahead financially must find a way to create multiple sources of income.

I am believing for divine health and supernatural wealth to come to you, BIG TIME!
