

Greetings Champion!

NEWS FLASH! The missing ingredient in most Christians lives is God Himself. Even if you have the principles and disciplines down, but miss God, you have nothing. Your walk with God is just form, ceremony, and ritual.

God's presence is everything! Most believers are satisfied to live under God's protection and provision without ever becoming involved in His presence.

Experiencing God's presence and hearing His voice is a skill we cannot inherit. You must personally develop and cultivate it. Each believer must learn to recognize the voice and promptings of the Holy Spirit for himself.

For this reason, after walking with God for many decades, I have created a simple, but profound book called, "Hearing the Voice of the Holy Spirit." I have dedicated the month of June to teach from my book on my radio program and share with as many believers as possible how to hear the voice of the Holy Spirit and how to receive His leading and guidance.

This seems to be a topic that our Spiritual Mentors have failed to share with us. They either treat it like it's a secret that only they can know, or that there's something wrong with you if you don't automatically know how to be led by the Spirit and hear His voice.

Most of us recognize a familiar voice on the phone. When my mom was still alive she would call me and simply say, "hi Glen." I never had to say, "please give me a hint, who is this?" I would simply say, "hi mom." You see, her voice was familiar to me. With the information I share in my book, it won't be long before you quickly identify the voice, leading, and prompting of the Holy Spirit as He speaks to you.

I really do want the rest of your life – to be the best of your life! I believe my book on Hearing the Voice of the Holy Spirit will be a major factor in propelling you into the new realm of blessing that God has for you.

"A poor thing your old prosperity will seem matched with the abundance He gives you now" (Job 8:7, Knox translation),
