

Greetings Champion!

Prayer, along with God's Word, is the believer's greatest source of power. Prayer is communion and fellowship with God and is a key to releasing miracles.

As you feed on the Mighty Word of God you are building and growing your faith (Romans 10:17). As you pray, you are releasing that faith to go accomplish something wonderful that you couldn't accomplish by yourself.

Jesus spent His days preaching the gospel, teaching in their synagogues, healing the sick, casting out evil spirits, raising the dead, and meeting the needs of the multitudes.

How could He maintain such a grueling schedule?

He received His strength by fellowshiping with the Father in prayer.

Many Scriptures reveal that Jesus rose up early in the morning to pray. Some verses say He spent all night in prayer. Still others say that He hid Himself to be alone and pray, and the disciples had to come find Him.

Jesus got His strength in prayer, and gave out during the day what He had received as He sought His Heavenly Father in prayer before the day began.

I challenge you to come to the same revelation that Jesus had. That is, "Prayer causes the will of God to be done on earth as it is in heaven."

During the month of April, I have been teaching about prayer on my daily radio broadcast. I am using my book, "Prayer Scriptures for Prayer Warriors," as my textbook.

Like many of my radio audience already has, I invite you to purchase this important book for yourself on my website, at pillarsofffaith.com.

This Book is turning out to be an excellent tool for Home Bible Studies, Prayer Groups, and individuals who want to rekindle the fire for prayer.

Asking big of our big God,

Pastor Glen
