

Greetings Champion!

There are certain principles and ingredients that make prayer effective. Leave one or more of these principles out, and you don't have effective Bible prayer.

On the other hand, when you understand the principles and ingredients of prayer, you can *On-Purpose* start getting tremendous prayer results.

Let me assure you that nothing will persuade the nonbeliever that, "God is not dead" faster than a person who can demonstrate answers to prayer.

When you experience answers to prayer, you are bringing forth *EVIDENCE* that is impossible to deny, that God is alive and well, and concerned about mankind.

The world, and backslidden Christians, will have a change of mind and come to Jesus when men and women of God learn how to have their prayers answered.

For that reason, I am teaching throughout the month of April from my book, "Prayer Scriptures For Prayer Warriors" on my daily radio broadcast.

Already, many people have ordered my book and are testifying about their new spiritual hunger for prayer, and their life-changing results.

The book contains more than 100 verses on prayer along with my commentary on those verses. In addition to that, I give you the Alphabet of Prayer where I share with you a verse on prayer that corresponds with each letter in the alphabet, and much more.

I invite you to join believers all across Southern California who, along with me, are dedicating the month of April to discover new insights into prayer.

I have you in my heart,
