

Greetings Champion!

Blessings and increase to you in the mighty name of Jesus!

Do you know that Jesus is easily touched with the feelings of your problems, challenges, and infirmities (Hebrews 4:15)? God knows what you're going through and wants to help!

The rub is this—God is only moved by faith. That means, God is **not moved** by your needs, or hurts, or fears, or worries, or troubles, or circumstances. He's touched by what you're going through, and compassionate towards you, and is desirous to help you; but He's **not moved** by what you're going through.

*God feels for you, loves you, is concerned for you, and wants to help you, but God cannot help you just because you love Him and have a bad situation. If people's needs moved God, then India and parts of Africa would be experiencing a mighty rushing revival because their needs are so great. But NO! Their needs, no matter how desperate, don't move God to action and your needs won't move God to action either—**faith** is what moves God!*

Let me repeat, God is a faith God. That is, He is only moved to help when He finds faith. Your need won't move Him. Your good deeds won't move Him. Your past trust in Him won't move Him. What you plan to do for Him in the future won't move Him. Only your **current, right now faith** will move God.

God is a "**now**" God, and only faith that is "**now**" will move God. "**NOW**" faith is the substance of things hoped for, the evidence of things not seen (Hebrews 11:1).

Make building your faith your number one project knowing that faith comes to you as you hear the Word of God (Romans 10:17).

Better days are ahead for you and me,

Pastor Glen
