

Greetings Champion!

You can do all things through Christ who strengthens you (Philippians 4:13)!

You are not just an animated body drifting through this world. You are a spirit, you have a soul (mind), and you live in a body (1 Thessalonians 5:23). You are a three-part being. Spirit, soul, and body. Each of those three parts have a number of sub-parts.

For example, your body is made up of a number of systems. You have a respiratory system. You have a cardiovascular system. You have a nervous system. You have an immune system. You have a digestive system, and so forth.

Your soul, or what your Bible Concordance calls your “mind,” is made up of several systems. You have a conscious mind. You have a subconscious mind. (The Bible calls your subconscious mind your “heart.”) Your “heart” is not your physical blood pumping organ in the middle of your chest. Your “heart” is your subconscious mind.

Although superbly talented and possessing unlimited God-given ability, your subconscious mind is a servant that must be trained and given orders. It can't give orders to itself. It is an automatic impersonal mechanism that will faithfully bring about whatever you most persistently impress upon it.

Your conscious mind chooses what it believes to be true, whereas your subconscious mind accepts without question whatever the conscious mind dictates. It is important to remember that your subconscious will accept failure as readily as success, and will provide the means to bring about either one.

At this very moment, your subconscious mind is working FOR or AGAINST you. To assure that your subconscious mind is working FOR you to bring about the things you desire, be sure you are feeding it faith-and-victory filled ideas, principles, and affirmations based on God's Word, every day.

Keep feeding on the promises of God—better days are ahead!

Pastor Glen
