

Greetings Champion!

Blessings and increase to you in the mighty name of Jesus!

The Bible is a supernatural Book. It may be printed on the same paper as other books are printed on. It may be printed with the same ink, typestyle, and have the same words that other books have; however, the person who said the words and the order that the words are used, makes the Bible “The Word of God.”

Jesus said, *“My words are spirit and they are life”* (John 6:63), and *“Heaven and earth shall pass away, but my words shall not pass away”* (Matthew 24:35).

God’s Word is eternal and God’s Word created all things (John 1:1-3). God’s power is constantly active within His Word to bring it to pass, when it is activated by your faith.

Your faith activates and releases God’s power to work on your behalf. So get filled with the Word of God because as you do, you will be filled with the power of God!

God's Word shall prove true in your case!

Pastor Glen
