

Greetings Champion!

Blessings and increase and power and might and dominion be yours in the name of Jesus!

The Bible says, "Every way of a man is right in his own eyes" (Proverbs 21:2).

That means, we all believe that we're doing life the right way. Here's the thing; we are all getting different results. Those that get the good results are probably doing life the right way.

In order to guarantee that you get the good results you need to do life God's way. So, get in the Word and find out what God has to say to you, and when you see that he calls you blessed, and start acting blessed, then all kinds of blessings will start coming upon you and overtaking you.

It's a new day. It's a new year. It's time to thrive while you're alive!

For you to change what you have you must change what you think. Make it your New Year's resolution to hear something different; think something different; believe something different; say something different; and do something different; and things will be different. They'll be better!

What's 2017 going to be like? It's going to be like you make it.

Get in the habit starting today of only thinking good and profitable thoughts and forget about the past and the pains it held.

To the best year ever,

Pastor Glen
