

Greetings Champion!

First of all I want to say, *“Happy Thanksgiving”* to all you champions!

Many years ago, I learned a principal that I have tried to be mindful of every day. That principle is, *“The things you are thankful for, increase in your life. The things you take for granted and are unthankful for, exit your life.”*

Giving thanks has become a tremendous blessing in my life, and I hope this Thanksgiving you will implement the God-given principle of giving thanks.

Over the years I discovered that Abraham, Joshua, Jonah, David, Jehoshaphat, and even Jesus gave thanks for things they did not yet have in their possession, and after giving thanks, what they desired materialized. Praise and thanksgiving are important principles in materializing the promises of God.

- *Praise and thanksgiving undergirds your faith and keeps it strong.*
- *Praise and thanksgiving stills the enemy and the avenger.*
- *Praise and thanksgiving must precede, not follow, blessings.*
- *Praise and thanksgiving releases God’s angels to minister.*
- *Praise and thanksgiving dispels darkness and depression.*
- *Praise and thanksgiving is the language of Heaven.*
- *Praise and thanksgiving knocks down your enemies walls of resistance.*
- *Praise and thanksgiving sets the stage for God to move.*
- *Praise and thanksgiving brings the presence of God onto the scene.*
- *Praise and thanksgiving fuels your joy, which is your strength.*
- *Praise and thanksgiving is the voice of faith.*

This Thanksgiving, set your mind to give thanks every day.

Pastor Glen
