

Greetings Champion!

Blessings and increase and power and might and dominion are yours, in the name of Jesus!

Did you know that good circumstances, situations, and opportunities respond to good thoughts? It's true! On the other hand, if your thoughts are in harmony with failure and pain – circumstances that cause failure and pain, appear.

It is important to be sensitive to the way you are *FEELING* all the time so that you will always know whether or not you are in the process of receiving, and about to experience, what you want, or what you don't want.

If you feel joyful, grateful, happy, and blessed, in other words, feeling a *supernatural sense of well being*, you can be sure you've been thinking good and right thoughts and good and right things are on their way to you.

Your feelings are the result of, and were created by your thoughts. Your thoughts are the *cause* and your feelings are the *effect*. If you feel depressed, discouraged, or stressed, it's a sure sign you have been thinking incorrectly and are magnetizing the things you don't want to be attracted to you.

I don't know about you, but I can tell you for sure I was never taught that thinking is a spiritual activity. Thinking is a part of the process of faith and materializing what God has promised.

I frequently tell people that it's impossible to ask God to prosper and bless you in the two-minute you pray every morning, and the other 23 hours and 58 minutes of the day think about how broke you are, and how nothing seems to go your way, and experience good results. When your asking and thinking come in harmony with one another, your prayers will be answered.

Think blessed and be blessed.
