

Greetings Champion!

God has personally commanded THE BLESSING upon you, and it cannot be reversed, it only increases day-by-day (Deuteronomy 28:8 and Numbers 23:20).

Last week, I listed 10 principles of truth that I wanted you to ponder and internalize. I hope to give you around 80 life principles in the next couple of months that can enhance your life greatly.

Principle 11: When you believe yourself blessed, rich, fit, confident, the "how to" will appear.

Principle 12: Reality is created by validation. What seems to prove or be true – you believe and it becomes your reality.

Principle 13: Money is math. Millionaires never asked, *"What will it cost me?"* Instead they ask, *"What would make me?"*

Principle 14: No risk = no goodies.

Principle 15: YOU are the one who makes money. Not your real estate or stocks or bonds or investments – YOU.

Principle 16: A mind expanded will never contract back to its original shape.

Principle 17: Unless you are the lead dog, what you see never changes.

Principle 18: Boldness is rewarded. Shyness and trepidation is penalized.

Principle 19: If you act confident, it doesn't matter if you really are confident or not.

Principle 20: Influence is getting someone to ask for what you are selling and believe it's their decision. Conversational influence is a huge money making tool.

Investing in yourself pays the biggest dividends,

Pastor Glen
