

Greetings Champion!

Blessing and increase, and power and might and dominion to you.

The story is told that when inventor, Robert Fulton, announced that he was going to demonstrate his new *steam powered boat*, the naysayers laughed and lined up along the riverbank shouting, "*It will never go – it will never go!*" Once Fulton started the fire in the boiler and the paddle wheels started turning and the boat started to move, these same doubters and critics shouted, "*It will never stop – it will never stop!*"

Your family and friends may not celebrate the fact that you are getting out of your limiting little box and going for the gold. So what! This precious life of yours is worth living to the max. Don't let the little people with their little, obscure, and mediocre lives and dreams put a lid on, or limit your potential and dreams.

You are, or should be, on a quest to have a bigger, better, more fulfilling life which will come from a better understanding of God's Word and the power of your thoughts.

Shake yourself and get rid of the "impossibility thinking" and become a "possibility thinker" knowing that Jesus said, "*With men it is impossible; but with God all things are possible*" (Matthew 19:26), and "*For with God nothing shall be impossible*" (Luke 1:37).

Robert Fulton showed the naysayers that what they considered impossible was in actuality, possible. God wants you to do the same thing for the lost and hopeless people around you as you become a role model for God in the area of divine health and supernatural wealth.

God is with you and God is for you!

Pastor Glen
