

Greetings Champion!

Because you walk in the Spirit, you are therefore connected to the inexhaustible abundance and supply in the Spirit realm (Galatians 5:16 with Ephesians 3:8).

God calls it, "*The unsearchable riches of Christ*" in Ephesians 3:8. If it is unsearchable, that means, it can't be calculated or inventoried because it is so amazingly vast and abundant. That's what you're hooked up to!

I have been sharing principles from my personal journal that blessed me when I heard them, and would like to continue sharing them with you, believing they will bless you.

- Financing knowledge eliminates the fear of risk.
- Always make dissatisfaction work for you.
- Necessity is the mother of invention.
- The conscious mind is the tip of the iceberg. The subconscious mind is the other 90 percent.
- Eliminate all non-essentials when you are pursuing success.
- Listen to results – not experience.
- Success leaves clues. Most people act on the clues left behind by the mediocre.
- Get the mindset that investing is your hobby so you can love and enjoy it.
- Always suggest people buy more. The simple question, "*Would you like to supersize it?*" has made McDonald's billions of dollars.

Work the principles and receive the benefits,

Pastor Glen
