

Greetings Champion!

All of God's promises are true to you!

If you want to get answers to your prayers, you must first get the promises of God that cover your need, want, or desire, and accept *the promise* as God's answer. *The promise is the answer* to your request because the promise of God is God's Will for your life. And God always says, "Yes" to what He has willed.

The promises of God are backed by the integrity and power of God to materialize every promise. The only ingredient missing is your faith. When you believe, nothing can stop the answer from being activated and materializing. Jesus said, *"If you can believe, all things are possible to him that believes"* (Mark 9:23).

Luke 1:37, AMP, *"For with God nothing is ever impossible and no word from God shall be without power or impossible of fulfillment."*

Since God's Word is God's Will, have faith in the Word as the basis of God's Will and the assurance of the answer.

Since God *"Watches over His Word to perform it"* (Jeremiah 1:12), if you are sick, get the many verses on healing and read them and quote them frequently and your faith will grow to a place that you will receive the healing God has promised you.

If you need God's favor, peace, prosperity, success, or anything else He has promised to you, use the same method listed above to develop your faith and receive your answer.

The promise shall surely materialize for you,

Pastor Glen
